

## The BiG Summer 2018 Work Experience Scheme

Are you at least 15 years old and would like the opportunity to develop basic employability skills such as self-reliance, time management, how to lead a team and demonstrate good behaviour patterns to others, how to manage your own workload, how to identify and utilise skills in others, as well as build up your confidence, personal and social skills? If the answer is yes, please contact Lionel Best:

Tel: 07908 950 630

***"I felt that the placement helped my son to boost his confidence, and could see that it grew day by day. It has also helped him realise how important it is to focus and be a team player. This has been noticed on his sport development course he is currently studying and has made a good start"***

*"When I was working with Lionel I had improved on my speech and my timing. I don't think I would of been as confident to speak out loud if I had never done the work experience."*

*"My experience with Lionel was brilliant. In my time working with Lionel I have learned to be faster with my actions and try to be more proactive towards even the smallest tasks I am given. This doesn't mean that any of the tasks are strenuous or complicated, but they are done to a high standard with a good attitude."*

*"Lionel took as much care in preparing and monitoring the progress of our son's Work Experience scheme as he did in preparing the football sessions for the children being coached. He provided a very rich learning experience and gave constant feedback and encouragement throughout the two-week programme".*

*"Lionel was always happy to listen to any concerns, and was 100% committed to ensuring that not only do the kids have a great time, but that his assistants come away from the programme having learned a lot themselves."*
